

## INTRODUCTION:

Terre Authentic Tours and Safaris is based in Arusha Tanzania, East Africa. The company is owned and managed by Mr. IDDI M, Tanzanian.

The company was founded in 2007, We have been conducting Safaris in Tanzania for a long time. Our company is comprised of experienced and dedicated professionals specialized in delivering tailored and packaged safaris in Tanzania to discerning clients from around the world.

We specialize in both lodges and camping to all national parks, Mt Kilimanjaro, Mt. Meru and Mt. Oldonyo Lengai and Beach holidays for the adventures.

As to Mt. Kilimanjaro, Meru and Oldonyo Lengai our experienced guide will do their best for you to attain the summit.

## WHY CHOOSE US?

carefully designs safaris around the splendid nature of Tanzania, from traditional wildlife viewing in game parks to expeditions to lakes, mountains, ocean diving and beach holidays. Our itineraries adjust to your wishes optimizing time and budget, to make your dreamed holiday come true.

As adventurous as you want and always trying to avoid crowded routes...Whether you wish to visit "beaten-track" destinations such as Serengeti, Kilimanjaro and Zanzibar or have a special desire for an adventure into the less known, we will not only take you there but we will do so with the personal touch that has become our hallmark. We also have experienced driver guides who speaks English, French and Spanish

## WILDLIFE SAFARI ADVENTURES:

NORTHERN CIRCUIT NATIONAL PARKS (Serengeti, Lake Manyara, Tarangire, Arusha NP) & CONSERVATION AREA (Ngorongoro Crater) GAME DRIVES (Day & Night).

- WALKING ADVENTURES
- BALOON SAFARIS
- LUXURY HONEYMOON SAFARIS
- HORSE-BACK & CAMEL RIDING

## SAFARI HIGHLIGHTS:

- Ngorongoro Crater - worlds largest intact volcanic caldera, endangered Black Rhino, Olduvai Gorge, big five.
- Serengeti - annual migration of millions of Wilder beast.
- Lake Manyara - the great rift valley wall, tree climbing lions, thousands of flamingos on the lake waters.
- Tarangire - large concentrations of elephants migrated from the Maasai Mara.
- Arusha NP - Momella lakes, starting point to Mt. Meru, almost 400 species of birds.
- Lake Eyasi - A salt lake situated between the Rift Valley's Eyasi escarpment and the Kidero Mountains, the area around Lake Eyasi is home to the Hadzabe bushmen, some of the last remaining hunter-gatherers on the continent.

- Mount Kilimanjaro - The highest peak and most famous mountain in Africa, scaling the peak of Mount Kilimanjaro is a heavy challenge, more from the rigours of altitude than the actual difficulty of the hike itself. The climb, which takes on average five days (you're more likely to reach the top if you pace yourself).

Its inthe Northern Tanzania one hour drive from Arusha and 45minutes drive from Kilimanjaro International Airport.

- Mount Meru - Climbing Mt. Meru is usually skipped in favour of its bigger neighbour Mt. Kilimanjaro to the west, but the sheer beauty and challenge of this three-day climb makes it a must-do for obliging itineraries. The early parts of the trail pass through lush rainforests of fig trees and colubus monkeys high in the canopy.

As you climb higher, the cloud forest clears in the late afternoon to reveal striking vistas of Kilimanjaro and the volcano chain on the edge of the Rift Valley. The last distance before the summit passes over the crater ridge - an exhilarating experience, and not one for the faint-hearted.

- Zanzibar - The famous spice island with exotic smells and outstanding beaches. Zanzibar's coastline offers some of the best beaches in the world, but sand and surf vary depending on what side of the island you're on. On the east coast, waves break over coral reefs and sand bars offshore, and low tide reveals small pools of starfish, small minnows, and anemones.

Up north, ocean swimming is much less susceptible to the tides, and smooth beaches and whites and make for dazzling days in the sun.

## THE SOUTHERN CIRCUIT

- Selous Game Reserve - Located in south-east Tanzania in a remote and little-visited part of the country, the Selous Game Reserve is Africa's largest protected wildlife reserve and covers more than 5% of Tanzania's total area.

- Ruaha National Park - Tanzania's second-largest national park after the Serengeti, Ruaha National Park is a remote bastion of spectacular wilderness, undisturbed wildlife, and breathtaking scenery. With herds of more than 10,000 elephants, vast concentrations of buffalo, gazelle, and over 400 bird species, Ruaha's limitless wilderness, together with the surrounding game reserves of Rungwa and Kisigo -- stretches over 40,000 square kilometres.

- Mikumi National Park - The open horizons and abundant wildlife of the Mkata Floodplain, the popular center piece of Mikumi, is often compared to the more famous Serengeti Plains. The park is very accessible by surfaced road from Dar es Salaam.

- Saadani National Park - "Where the Bush meets the Beach" Saadani is the only wildlife sanctuary in Tanzania bordering the Indian Ocean. Gazetted in 2005.
